Mwen kontan fè konesans ou	+ 1.25
Mwen kontan fè konesans ou	+ 1.50
Mwen kontan fè konesans ou	+ 1.75
Mwen kontan fè konesans ou	+ 2.00
Mwen kontan fè konesans ou	+ 2.25
Mwen kontan fè konesans ou	+ 2.50
Mwen kontan fè konesans ou	+ 2.75
Mwen kontan fè konesans ou	+ 3.25

Kenbe papey sa tankou youn liv.
(Hold this paper up like a book)

Ki liy ki pi wo ou ka wè pi klè?
(What is the highest line you can clearly see?)

Instructions

1. Have the patient remove their eyeglasses
2. Ask them to hold this page up just like they would hold a book (about 16" from their face)
3. The highest line on the chart that the person can clearly read is the strength of reading
